Our History

ARABBRITISH
CHAMBER OF COMMERCE

The Arab-British Chamber of Commerce is a not-for-profit membership organisation established in 1975 under the General Union of Chambers of Commerce, Industry and Agriculture for the Arab Countries. The Chamber has a unique function in the promotion of bilateral trade and investment between Britain and the Arab countries.

To achieve this, we work in close co-operation with government ministries, official trade and investment bodies, Arab diplomatic missions in London, the British Chambers of Commerce, the League of Arab States, leading Arab businesses and Chambers of Commerce in the Arab world.

1975

Foundation

The Arab British Chamber of Commerce first emerges with the historic decision to create Joint Chambers of Commerce taken by the Economic Council of the League of Arab States in the early seventies. This led to the decision by the Arab Governments to set up the Chamber under a decree of the League of Arab States which gave it a mandate to: 'promote, encourage and facilitate bilateral trade.' This was followed by the Department of Trade and Industry (DTI) formally granting the Chamber a licence to operate on 10 January 1975.
