

中国（克拉玛依）国际石油天然气及石化技术装备展览会筹备组

Invitation to the 7th China (Karamay) International Petroleum, Natural Gas & Petrochemical Technology and Equipment Exhibition

Federation Of UAE Chambers of Commerce and Industry,

The 7th China (Karamay) International Petroleum, Natural Gas & Petrochemical Technology and Equipment Exhibition (“Karamay Petroleum Equipment Exhibition” in short), co-hosted by China National Petroleum Corporation (CNPC), China Petrochemical Corporation (Sinopec), and China National Offshore Oil Corporation (CNOOC), will be held at Karamay International Convention and Exhibition Center in Karamay, Xinjiang from August 13 to 15, 2025.

Since its inception in 2012, the exhibition has been successfully held for six consecutive sessions and has grown into one of the most influential large-scale events in the petroleum and petrochemical industry. The exhibition always adheres to the concept of ‘Open, Cooperative, Innovative, and Shared development’ and builds an international cooperation and exchange platform for resource synergy and multilateral collaboration, which effectively promotes the technological advancement and development of the petroleum and petrochemical industry. The exhibition has witnessed the participation of 3,500 enterprises from more than 60 countries and regions with over 2,000 technological cooperation and trade orders, and has become a “barometer” for gaining insights into global energy industry trends.

With the proposed theme of New Momentum, New Manufacturing, New Efficiency, Karamay Petroleum Equipment Exhibition has a planned exhibition area of nearly 35,000 square meters. Six exhibition areas are planned to be set up, including Oil, Gas & Chemicals, New

Energy & New Materials, Technology Innovation, Trade-in-Services, International Cooperation, and City Promotion, with a range of exhibits covering the whole energy industry chain. Meanwhile, representatives from government sectors, international organizations, industry associations and enterprises as well as renowned experts and scholars from countries and regions along the Belt and Road will be invited to participate in the exhibition and supporting events. During the same period, a series of themed activities will be held, namely the Global Energy Transition Summit, Government-Business Dialogue, The Central Asia New Energy Technology Launch and Promotion Conference, Global Energy Supply and Demand Procurement Conference, Roundtable on Collaborative Development of the Energy Industry, and several academic symposiums.

In order to fully implement the Belt and Road Initiative and leverage the platform of China (Karamay) International Petroleum, Natural Gas & Petrochemical Technology and Equipment Exhibition, the latest achievements in petroleum & petrochemicals, new energy, cutting-edge technology industries, and high-end equipment manufacturing would be showcased to seize the opportunities presented by global energy transformation, and deepen the collaborative development of the industrial chain. We would like to extend an invitation to your organization and your efforts to invite high quality enterprises are highly appreciated. We wish to share valuable resources, promote mutual benefits and achieve win-win cooperation through this platform.

We look forward to your reply.

Preparatory Committee of China (Karamay) International
Petroleum, Natural Gas & Petrochemical Technology and Equipment Exhibition
