ABOUT COMPANY

AltaiEXPORT LLP

was founded in 2018. We specialize in the sale of agricultural products such as: sunflower oil, sunflower meal, sunflower cake, wheat, barley, flax seeds, as well as feed and feed for poultry, cattle, rabbits, pigs, horses, sheep and goats, and also for pets.

Finished products are shipped by any means of transport in multiples of one logistics unit: truck/container/covered wagon/railway tank. We will provide full documentary support of the cargo, thanks to a direct export contract.

We position ourselves as the **"Altai EXPORT Trading House"**, which is a key link between farmers and consumers.

Geography of sales markets

AltaiEXPORT LLP is actively developing export markets. At the moment, the geography of supplies covers Uzbekistan and Tajikistan.

55 %

Sunflower oil

30 %

Oilcake

25 %

Cereal production

Our mission

The mission of Altai EXPORT LLP is to ensure a sustainable supply of quality food products to Kazakhstan and promote import substitution by supporting domestic producers. We strive for reliable distribution and export of surplus to foreign markets, promoting Kazakh companies on the world stage.

Our goal is to develop long-term and mutually beneficial cooperation between domestic partners and foreign buyers to strengthen food security and prosperity of our country.

Advantages of Altai EXPORT Trading House

For suppliers

For buyers

1

Stable demand for your products

A good reputation and reliable relationships with customers provide suppliers with a stable demand for their products.

2

Help in solving logistical issues

Offering efficient logistics solutions, including warehousing and delivery, can increase attractiveness for suppliers.

3

Payment discipline

Regular and timely payments to suppliers will help establish long-term business relationships.

4

Expansion of the sales market

Access to new markets or customers can offer suppliers additional growth opportunities.

5

Management of risks

Protection against risks such as price or exchange rate fluctuations is attractive to suppliers.

6

Product promotion

Active marketing promotion and sales of our trading house can help increase supplier sales.

7

Information and analytical support

Providing suppliers with up-to-date market information, analyzes and trends can help them better plan their activities.

8

Professional cooperation

Constant communication, transparency and professional interaction can create trust and stable relationships with suppliers.

Official partners

We are proud of our strong partnerships, which allow us to successfully supply agricultural products to various countries.

We are not only suppliers, but also active participants in the formation of a platform for agricultural producers. We invite manufacturers to contact us to sell their goods.
