# About us

Archeda is a leading manufacturer of the high-quality grain products in the south of Russia under «Krupno» and «Delika» brand names.

The factory is situated in the green area of the Russia's south: Prigorodny village, Frolovsky District, the Volgograd Region. Its manufacturing capabilities are represented with the European grain processing equipment by Buhler (Switzerland).

The company manufactures products of the grain grown in the southern regions of Russia which is rich in proteins, micronutrients and features low content of nitrates.

The company has implemented the certified food management system in accordance with ISO 22000:2018.

Archeda supplies products to more than 50 regions of Russia and in other countries such as Azerbaijan, Armenia, Belarus, Georgia, China, Georgia, Uzbekistan.

The company is a regular participant and winner of multiples exhibitions and competitions: Prodexpo, Top 100 Products of Russia, World Food, Golden Autumn, Tsaritsino Fair, and others.

In 2023, Archeda was awarded with Healthy Food Prize as the best manufacturer.

## // Merging traditions and modern times

Like a Russian matryoshka doll, the products of Krupno brand name are comprised of numerous components containing the maximum range of micronutrients and vitamins in each grain. Due to delicate processing the grain preserves its value all the way: from the field to the shelf.

Krupno brand includes over 50 names of grain products for the whole family produced entirely from the local raw materials.
