*for hen shell eggs, liquid egg product category, boiled peeled hen eggs

Our mission is to think in the long run, not only about the company, but also about the people, who work and will work here in the future, about the chickens, who are our main producers, about the environment and nature, whose resources we use ourselves, as well as about the society, which is ultimately not only our support, but also our customer.

We care
and we implement:

Hen well-being

Environment

Quality
products

Society

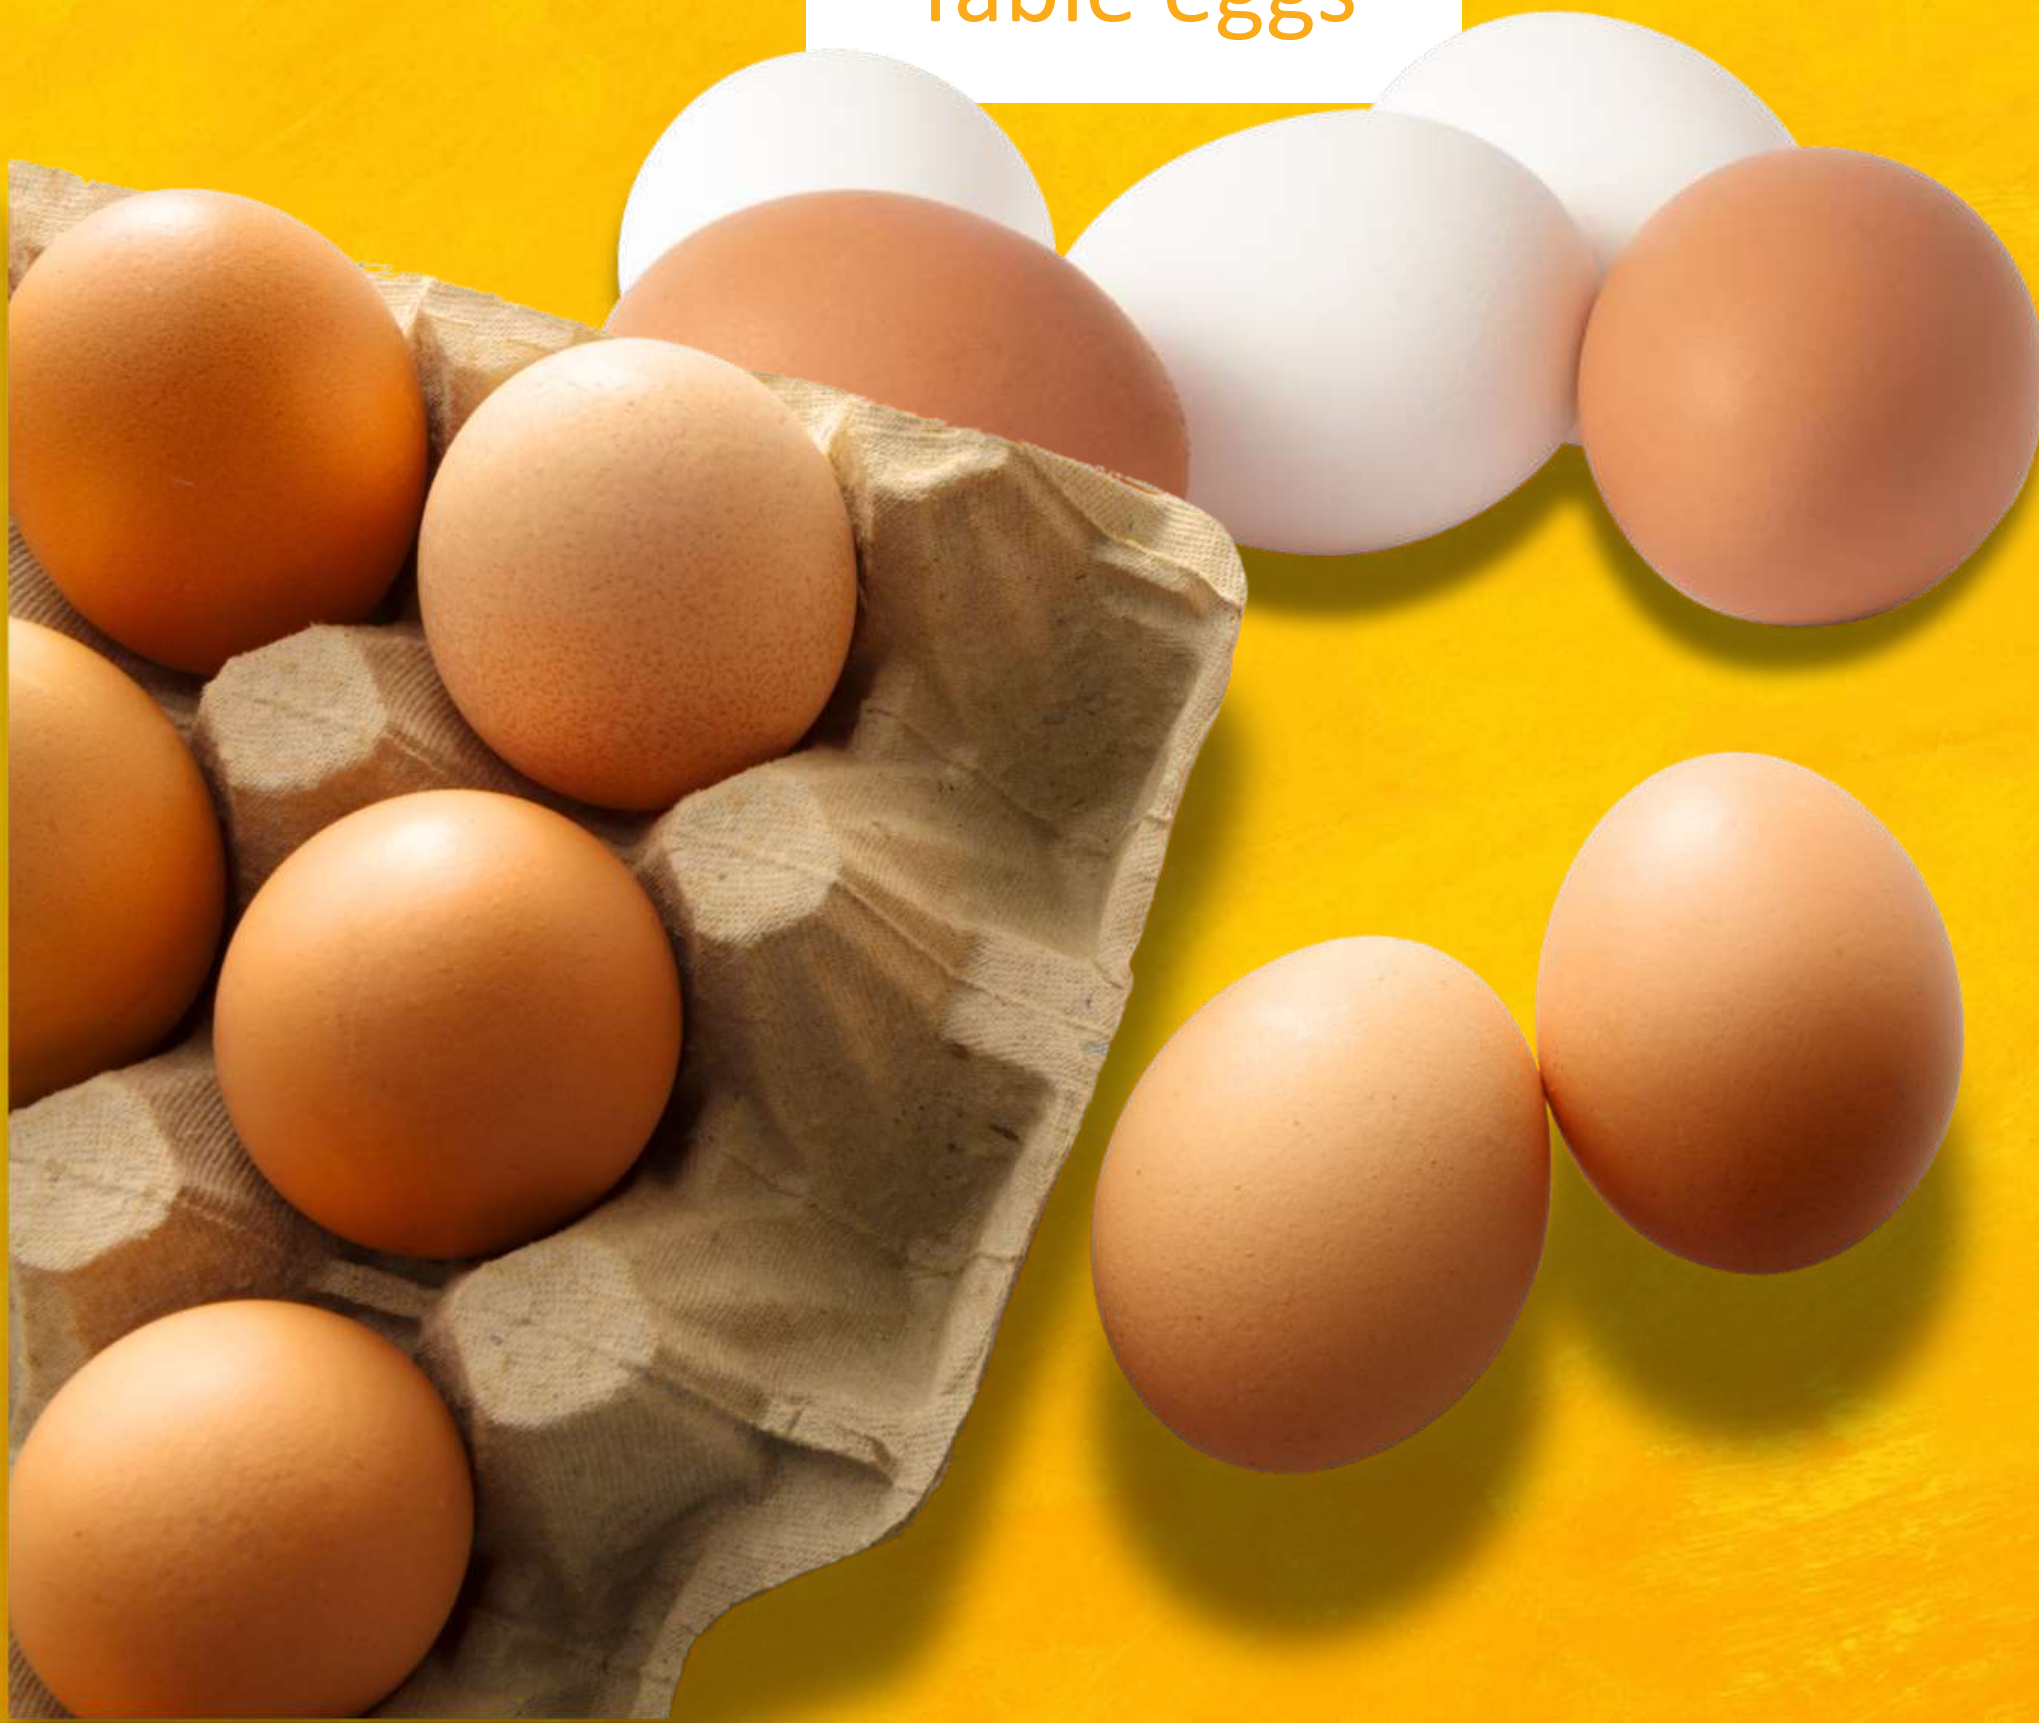

Working
environment

Circular
economy
